STATINTL

Attached is the fifth draft of the proposed response to David Lawrence. Questions have been rewritten and rearranged in accordance with a go-ahead from Mr. Lawrence, and new material added as suggested by [REDACTED] and Commander Moran.

STATINTL

DCI wants a finished version ready to give to Mr. Moyers at opening of business tomorrow, Friday. To meet this deadline with the minimal reproduction facilities in DCI which are uncommitted on Thursday nights, changes must necessarily be limited to those which are substantive and essential.

For any necessary changes, I can be reached on DDCI's phones (X-7424, Red 9320) from approximately 1300 to 1600. At other times I will be at my regular phones below.
